

**Resolution from the President of Carlos III de Madrid  
establishing additional measures for the progressive reopening  
of activity on the University Campuses.**

Through the Resolution of May 17, 2020, from the Office of the President, measures were established for the progressive reopening of activity on the University Campuses.

While preserving remote work, as set out in the Resolution of May 17, which will continue as the standard working mode in all areas: teaching, research and administration, in view of the effectiveness of the adopted measures and the evolution of the Plan for Transitioning toward a New Normal, it is thus expedient to put forward additional measures for reopening face-to-face activity at the University.

In accordance with that which is set out in article 47 of the Universidad Carlos III de Madrid Statutes,

**I RESOLVE:**

**First. – Access to University facilities.**

1. The campus grounds, buildings, and facilities will be accessible, in general terms, as of June 8, 2020. Those persons entering shall be responsible for maintaining the safety and hygiene measures established in the general rules and regulations and in those of the University itself.
2. Authorization for access will not be required as of this date, although control and registration of the following data will be take place: Name, Department or Service affiliated with, office, service or unit, time of entry and time of exit.
3. Accessible entry points on the following Campuses are:
  - Getafe Campus: calle Madrid 126A, calle Velarde 4, calle Madrid 128 and calle Madrid 133.

- Leganes Campus: Door at the roundabout on calle Sabatini, Access door to the Torres Quevedo building, Access door to the Rey Pastor building and Access door to the Agustín de Betancourt building (main concierge station).

4. Access and length of stay on the Campuses shall be limited to the timetable 9:00 to 15:00, Monday through Friday, with the exception of research laboratories.

5. Through Instruction from the Office of University Management, the points of accessible entry may be modified along with the access times and length of stays in the Campuses established in the previous sections and it shall determine face-to-face services open to users on the Campuses.

**Second.-** In all matters which are not in conflict with them, the Resolution of this Office of the President of May 17, 2020 and the Instructions established, continue to be in force and applicable, with the exception of the Instructions from the Office of the Vice President of Science Policy regarding laboratories and the Science Park published on May 5, 2020 , which are hereby revoked.

In Getafe, on the date of the electronic  
signature

PRESIDENT
